

# HOLIDAY SAFETY

03-04

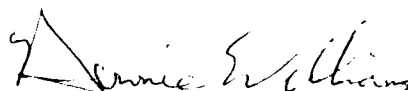

*21st Theater Support Command*

*Easter Holiday / Spring Break Safety*

1. April and the Easter Holiday period are the first opportunities our soldiers and civilians will have to enjoy traveling after the long, cold Winter. The German school Spring vacation around Easter marks one of the peak travel periods in Germany.
2. Good Friday, 9 April 2004, and Easter Monday, 12 April 2004, are German national holidays. Friday, 2 April 2004 is an USAREUR Training Holiday and the Department of Defense Dependents School Spring Break is from 5-9 April 2004.
3. Many of our soldiers and civilians will be planning to be on the road during this time. Before we let our personnel take off for their Spring vacation, we need to remind them to drive carefully and plan for additional travel time due to congested roads. Adverse road conditions are still possible, especially during night hours and early in the morning. Encourage the use of public transportation and point out that good planning for weekend and vacation trips is critical. The importance of defensive driving, the use of seat belts, and the dangers of drinking and driving must be reemphasized during our safety briefings.
4. Enjoy the Spring Break and the Easter Holidays safely.

  
BENNIE E. WILLIAMS  
Major General, USA  
Commanding
